We wanted to create something different. A range of products that not only looked beautiful, but felt amazing. That gave you peace of mind, as well as a peaceful night's sleep.

We have developed this Buyer's Guide to provide you with all the information on our product range to deliver your ultimate sleep sanctuary.

Chi Tak

WHY WOOIROOM?

For thousands of years wool has comforted us; cooled us in the summer, and warmed us in winter. It is one of nature's treasures, a natural material that breathes with your body.

Creating something that looks elegant is only half of our goal. We wanted to create a luxurious range that not only looked beautiful, but truly was beautiful from conception to delivery.

A range that is made, wherever possible, with wool from British farms, with mattresses and beds hand-crafted by experts in this country, with fabrics woven by some of the oldest, proudest names in British design. Everything we do is locally sourced wherever possible, using natural materials, to create an experience that feels as luxurious and satisfying as it looks. We wanted to create something that put a smile on your face.

We wanted everyone to understand that This is what happy feels like.

MHX MOOF's

THE MAGICAL NATURAL POWERS OF WOOL 25% MORE REGENERATIVE SLEEP

Wool naturally regulates temperature by "absorbing" moisture and humidity at night and then "desorbing" into the atmosphere during the day. Did you know that wool can absorb 30% of its weight in water before becoming saturated? (polyester achieves less than 1%, down and feather 5% and cotton only 10%). It is this natural absorption of moisture that prevents one from overheating, as heat travels 26 times faster on humid air than dry air and will help deliver 25% deeper, more regenerative sleep.

HELPS TO REDUCE ALLERGIES

Wool naturally maintains a far drier environment than other fibre types, meaning the food source of house dust mites is limited and can no longer survive in that environment. Wool bedding from woolroom is the only natural bedding solution independently tested and approved by Allergy UK.

HELPS TO REGULATE YOUR TEMPERATURE

Wool will naturally help you regulate temperature and will even adjust to a hot and cold sleeper in the same

bed. Research shows that by "cocooning" in wool will deliver a personal microclimate and allow deeper and more regenerative sleep.

NATURAL, SUSTAINABLE, RENEWABLE AND BIODEGRADABLE

Wool is the only natural, sustainable and renewable bedding solution in existence. Our wool is annually shorn from our sheep in May or June every year and we then turn this wool into the most natural comforting sleep. Our wool bedding is recyclable. We do not use any synthetic content or interliners and all of our covers are 100% natural ensuring that our bedding can be composted into wonderful, nitrogen-rich compost.

NATURALLY FLAME RETARDANT

Wool is intrinsically flame retardant and is one of the safest fibres in existence due to a nitrogen-rich content which prevent ignition. woolroom uses this natural safety feature avoiding the use of nasty chemicals in order to deliver some of the safest and healthiest sleep environments.

WOOL DUVETS

CLASSIC

Our Classic range of duvets are an introduction to a natural, healthy night's sleep. Because every duvet is made from 100% British wool, you know that it is naturally hypoallergenic, and has no man-made barriers. This means that it lets your body breathe as you sleep.

DFILIX

Our Deluxe range uses wool from Downs Breeds that are hand-selected and have full farm provenance. These breeds include Suffolk, Southdown, Hampshire, Oxford and Texel. The outer cover is a high thread count cotton poplin, and the duvets are machine washable.

LUXURY

Our Luxury duvets are a blend of 50% certified organic British Wool, and 50% British Alpaca fibres, enveloped in a 300 thread count organic satin cotton. The British Alpaca is beautifully fine and soft, whilst sharing the same properties as traditional wool when it comes to managing moisture and heat.

WOOL PILLOWS

CLASSIC

This 100% natural pillow is a simple design classic. The outer cover is 100% cotton quilted with wool and the filling is pure British wool, no more, no less. Dry clean only.

DELUXE

Our Deluxe wool pillow is filled with 100% hand-selected machine washable British Wool from Downs Breeds, and is covered with a 100% high thread cotton outer. Every Deluxe pillow is fully adjustable, allowing you to add or remove wool ball filling to find that depth that suits your sleeping position. Extra wool filling is available separately.

LUXUR'

The inner core of our Luxury pillow is a blend of 50% certified organic British Wool and British Alpaca, finished with a removable washable 300 thread count outer cotton cover quilted with machine washable British Wool. A selection of three levels of firmness are available.

MATTRESS LAYER

DELUXE MATTRESS PROTECTOR

To maintain healthy sleep, it is important to look after the health of your mattress. Our Deluxe mattress protector is the perfect choice made with certified washable British Wool. Each protector is lovingly filled with 250gsm/m2 of natural, breathable wool and high thread count cotton for the ultimate, healthy and heat regulating nights sleep.

DELUXE MATTRESS TOPPER

Our Deluxe Mattress topper is designed to add an extra luxurious comfort layer to your mattress. Filled with 1000gsm/m2 of 100% certified premium British wool, this product is 100% natural, biodegradable and sustainable.

LUXURY FLEECE ENHANCER

A delightful layer of luxury that's adaptable to the seasons, our double sided reversible fleece enhancer is made with 100% luxurious merino wool: 750gsm/m2 of long pile merino on one side, and 600gsm/m2 shorter pile merino lambswool on the other side.

LUXURY MATTRESS TOPPER

Using a 1000gsm/m2 blend of certified organic British wool and British Alpaca, wrapped in 300 thread count organic satin cotton, our luxury mattress topper is soft, sumptuous, and the perfect finishing touch for blissful comfort.

BEDDING SETS

In order to truly see the maximum benefits of our wool bedding we encourage all of our customers to consider a full bedding set.

Research shows that by "cocooning" oneself in wool with layers underneath, on top and under the head will deliver 25% deeper more regenerative sleep by creating your own individual micro climate.

The bedding set consists of your choice of mattress layer (protector or topper), your choice of duvet and your choice of pillow(s) from any of our ranges. We have created our Custom Bedding Builder on our website in order to guide you through the process.

30 NIGHT SLEEP GUARANTEE

We are so confident that our wool bedding set will deliver an improved night's sleep that we offer a 30 night sleep guarantee for every bedding set sold.

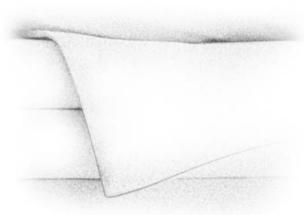

Our commitment to you is that we will refund you in full if you are not seeing an improved night's sleep (versus your old bedding) after 30 nights from receipt of goods. You are able to return all or part of your bedding set after the 30 nights and all we ask is that you cover the cost of postage of the returned items.

BED LINEN

Made in Portugal exclusively for woolroom, the Arinta bedlinen range is made of certified organic cotton yarns with a 200 thread count. Available in both Oxford and Housewife style this beautiful range of white bedlinen is subtle yet stylish.

We always recommend using natural bedlinen (cotton, linen or silk) as this allows our natural wool bedding to be the most effective and we also recommend a thread count no higher than 400 as this can minimise the benefits of the wool bedding inside. The Arinta range is designed to work perfectly with all of our natural filled bedding ranges and is free of any chemicals, delivering the most natural, healthy sleep.

100 NIGHT SIFFP GUARANTFF

We're so confident that you'll sleep better on one of our natural wool mattresses that we'll offer you a 100 night sleep guarantee when purchased with one of our wool mattress protectors, or toppers.

The guarantee is simple; if you buy any one of our mattresses and don't find that you sleep considerably better after a 100 night period, we'll take the mattress back and refund you in full - no quibble.

It's important to note, however, that this guarantee is only valid when you purchase and use one of our wool mattress protectors/toppers/enhancers (this must've been purchased in tandem with your mattress to be eligible).

WHY DO I NEED TO BUY A TOPPER/ENHANCER/ PROTECTOR?

We can only offer our 100 night sleep guarantee on your mattress when purchased with a mattress protector/topper/enhancer. In this way we can ensure that your all-new natural mattress has the most natural of covering providing you with the best opportunity for a great night's sleep - this ensures you get maximum performance from your new bed.

WHEN IS MY SLEEP GUARANTEE EFFECTIVE FROM?

Your mattress guarantee will be effective as of the date of delivery and will be valid for 100 nights.

Unfortunately, we cannot delay the guarantee, even if you've not yet slept on it due to other commitments (i.e. holidays, room not yet decorated).

FINANCE

woolroom have teamed up with multi-award winning technology company Divido to offer you a range of interest free instalment plans when you spend £450 or more with us on qualifying products.

The application process is simple, takes around 5 minutes to complete and is done online with a decision usually being made within just 30 seconds of completion.

Should you decide to take advantage of our 6, 9 or 12 month interest free instalment plans, you can sleep soundly (pun absolutely intended) knowing that there are absolutely no hidden charges...

For example, you could purchase:-

- A kingsize Dorset 5000 wool mattress, with a suitable all-season deluxe bedding set from just £150.17 a month over 12 monthly instalments. (RRP £2002.21)
- A double Exmoor 1000 wool mattress, with a light deluxe bedding set from just £63.54 a month over 12 monthly instalments. (RRP £847.21)

AM I ELIGIBLE FOR FINANCE?

Applying for an instalment plan is similar to applying for a new credit card. The details you provide are checked against public registers, such as credit-rating agencies. To increase the chances of acceptance, ideally, you will have good credit history (no late payments, CCJ's etc) - and meet the following criteria:

- Be a UK resident
- Be over 18 years of age
- Have 3 years of UK address history
- Be working at least 16 hours per week
- Have a valid phone number and email address
- Delivery must be made to the address that was submitted as part of the finance application

I HAVE A QUESTION

Do not hesitate to get in touch by emailing; info@thewoolroom.com, or by calling 01780 461217.

A member of our team would be happy to assist.
